

For the past 34 years, Journey House has provided guidance and financial support to former foster youth who are pursuing a degree in higher education or trade school. We focus on young adults who have aged out of the foster care system, providing them with a sense of family and belonging. The team at Journey House has developed a strong network of partner agencies to ensure former foster youth have access to a wide range of services to ensure they have every possible chance to complete their education.

## Journey House Endowment

Each year, Journey House supports a growing number of former foster youth. To ensure there are the resources needed to help these young adults well into the future, Journey House has set up an Endowment Fund, which is managed by the Pasadena Community Foundation. Thanks to the support of the following very generous donors, we have already raised over \$120,000 for the Endowment.

A very special thank you to these Endowment donors.
